

Daily Peak Generation Throughout Year

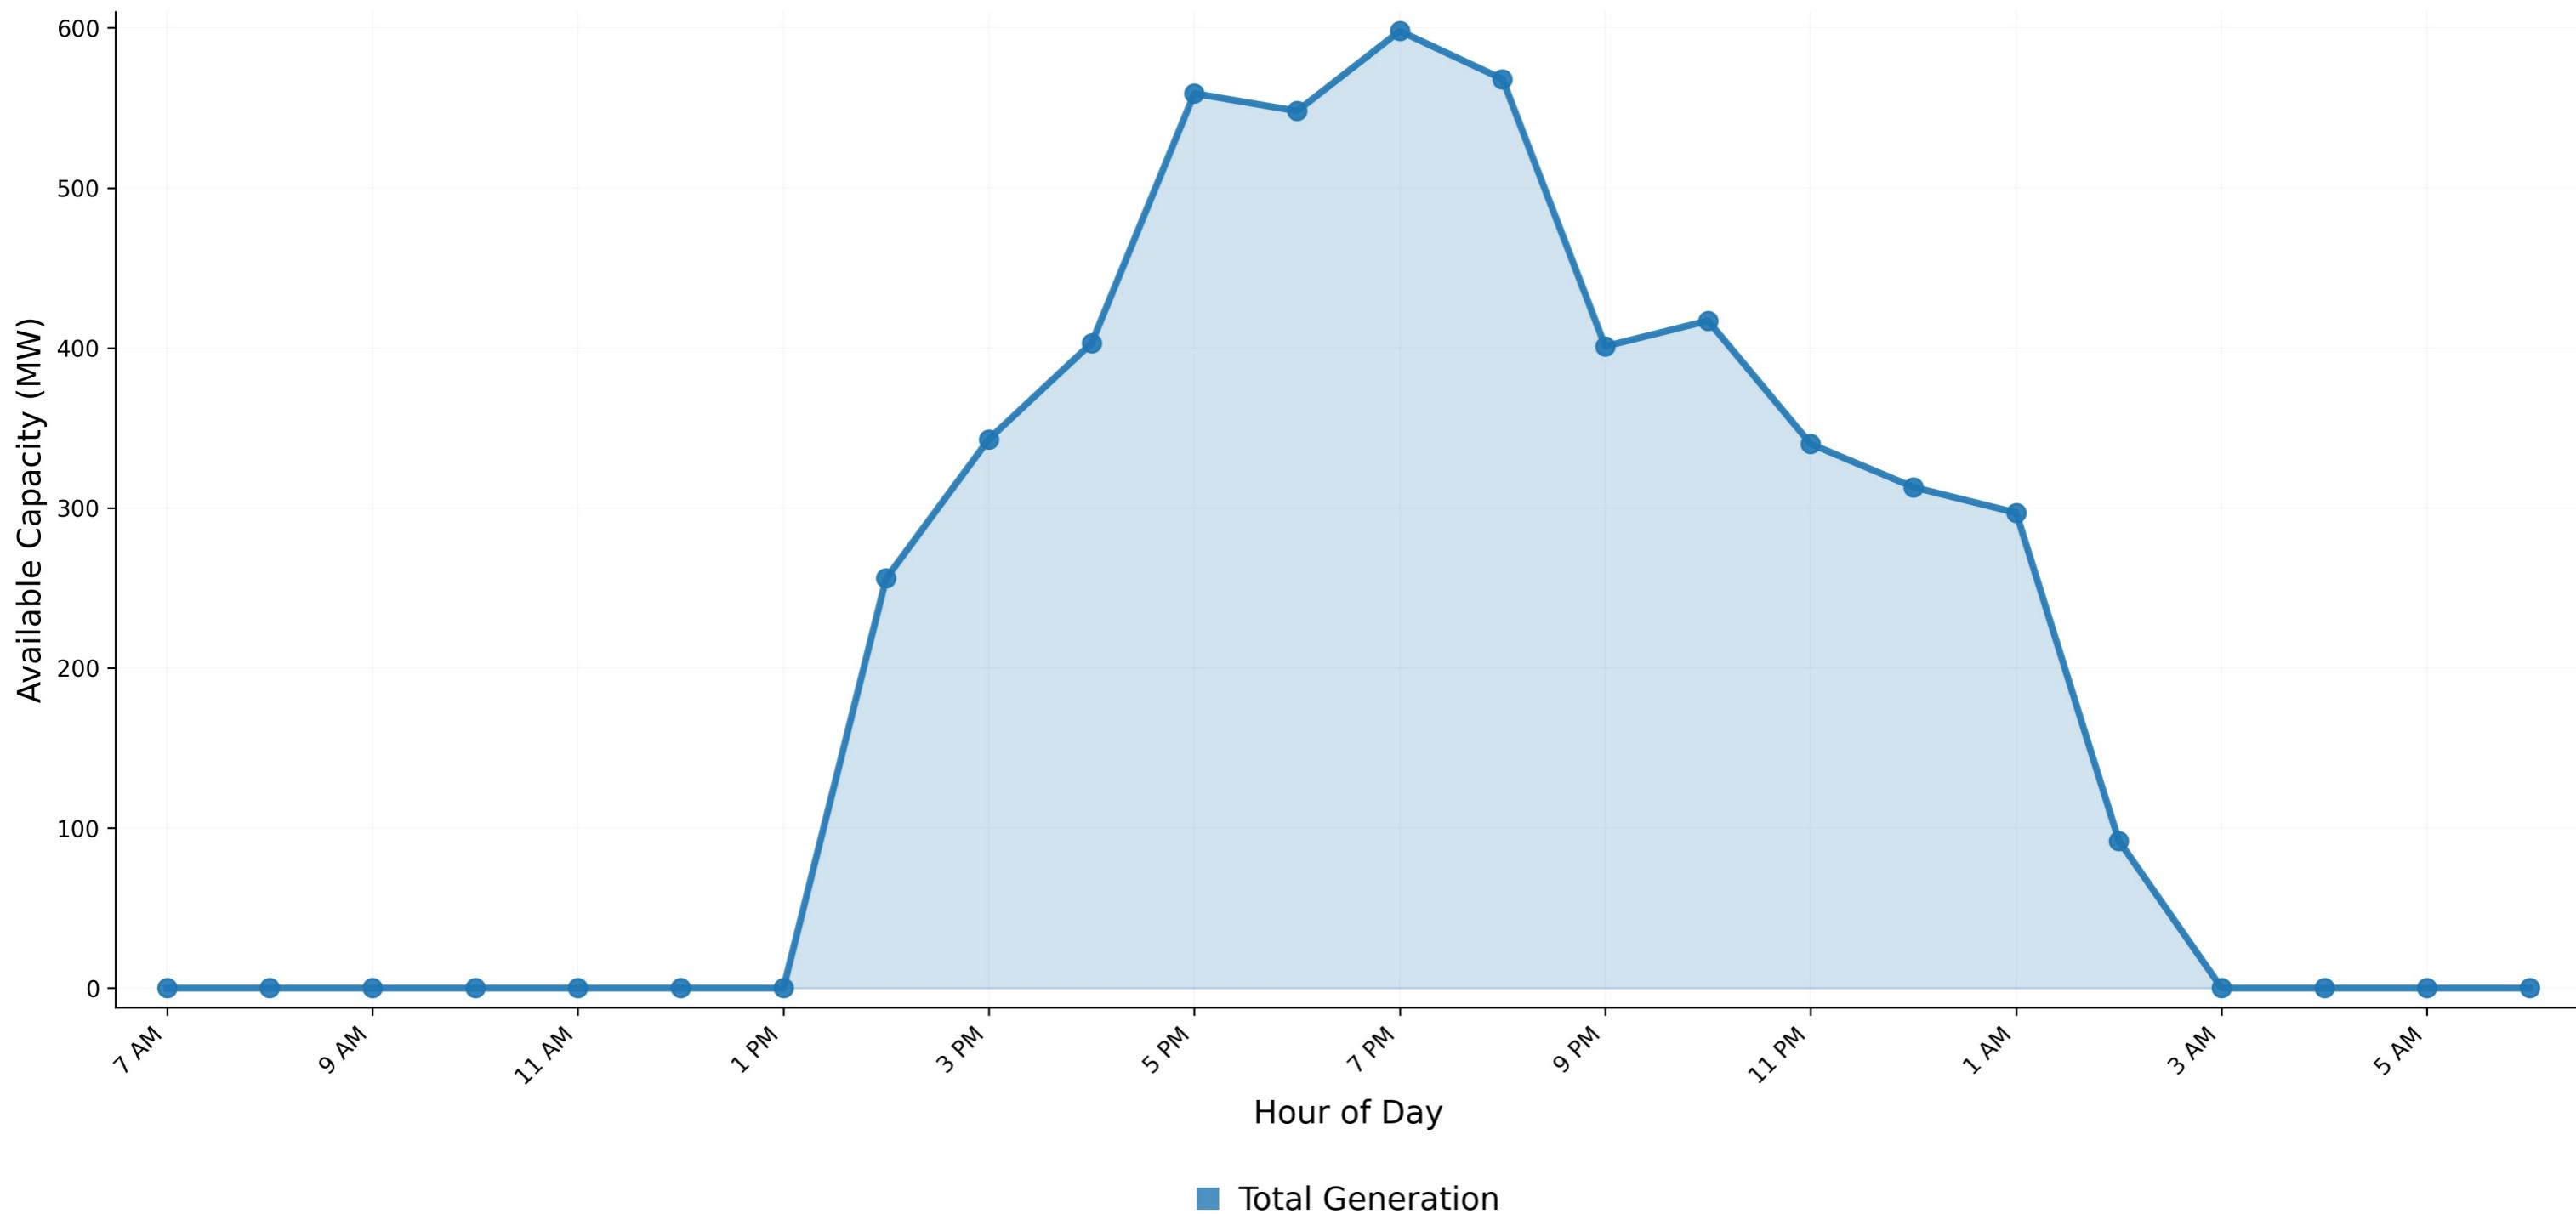

Oleander Power Project LP - Daily maximum power output (2024)

Goldman
Sachs

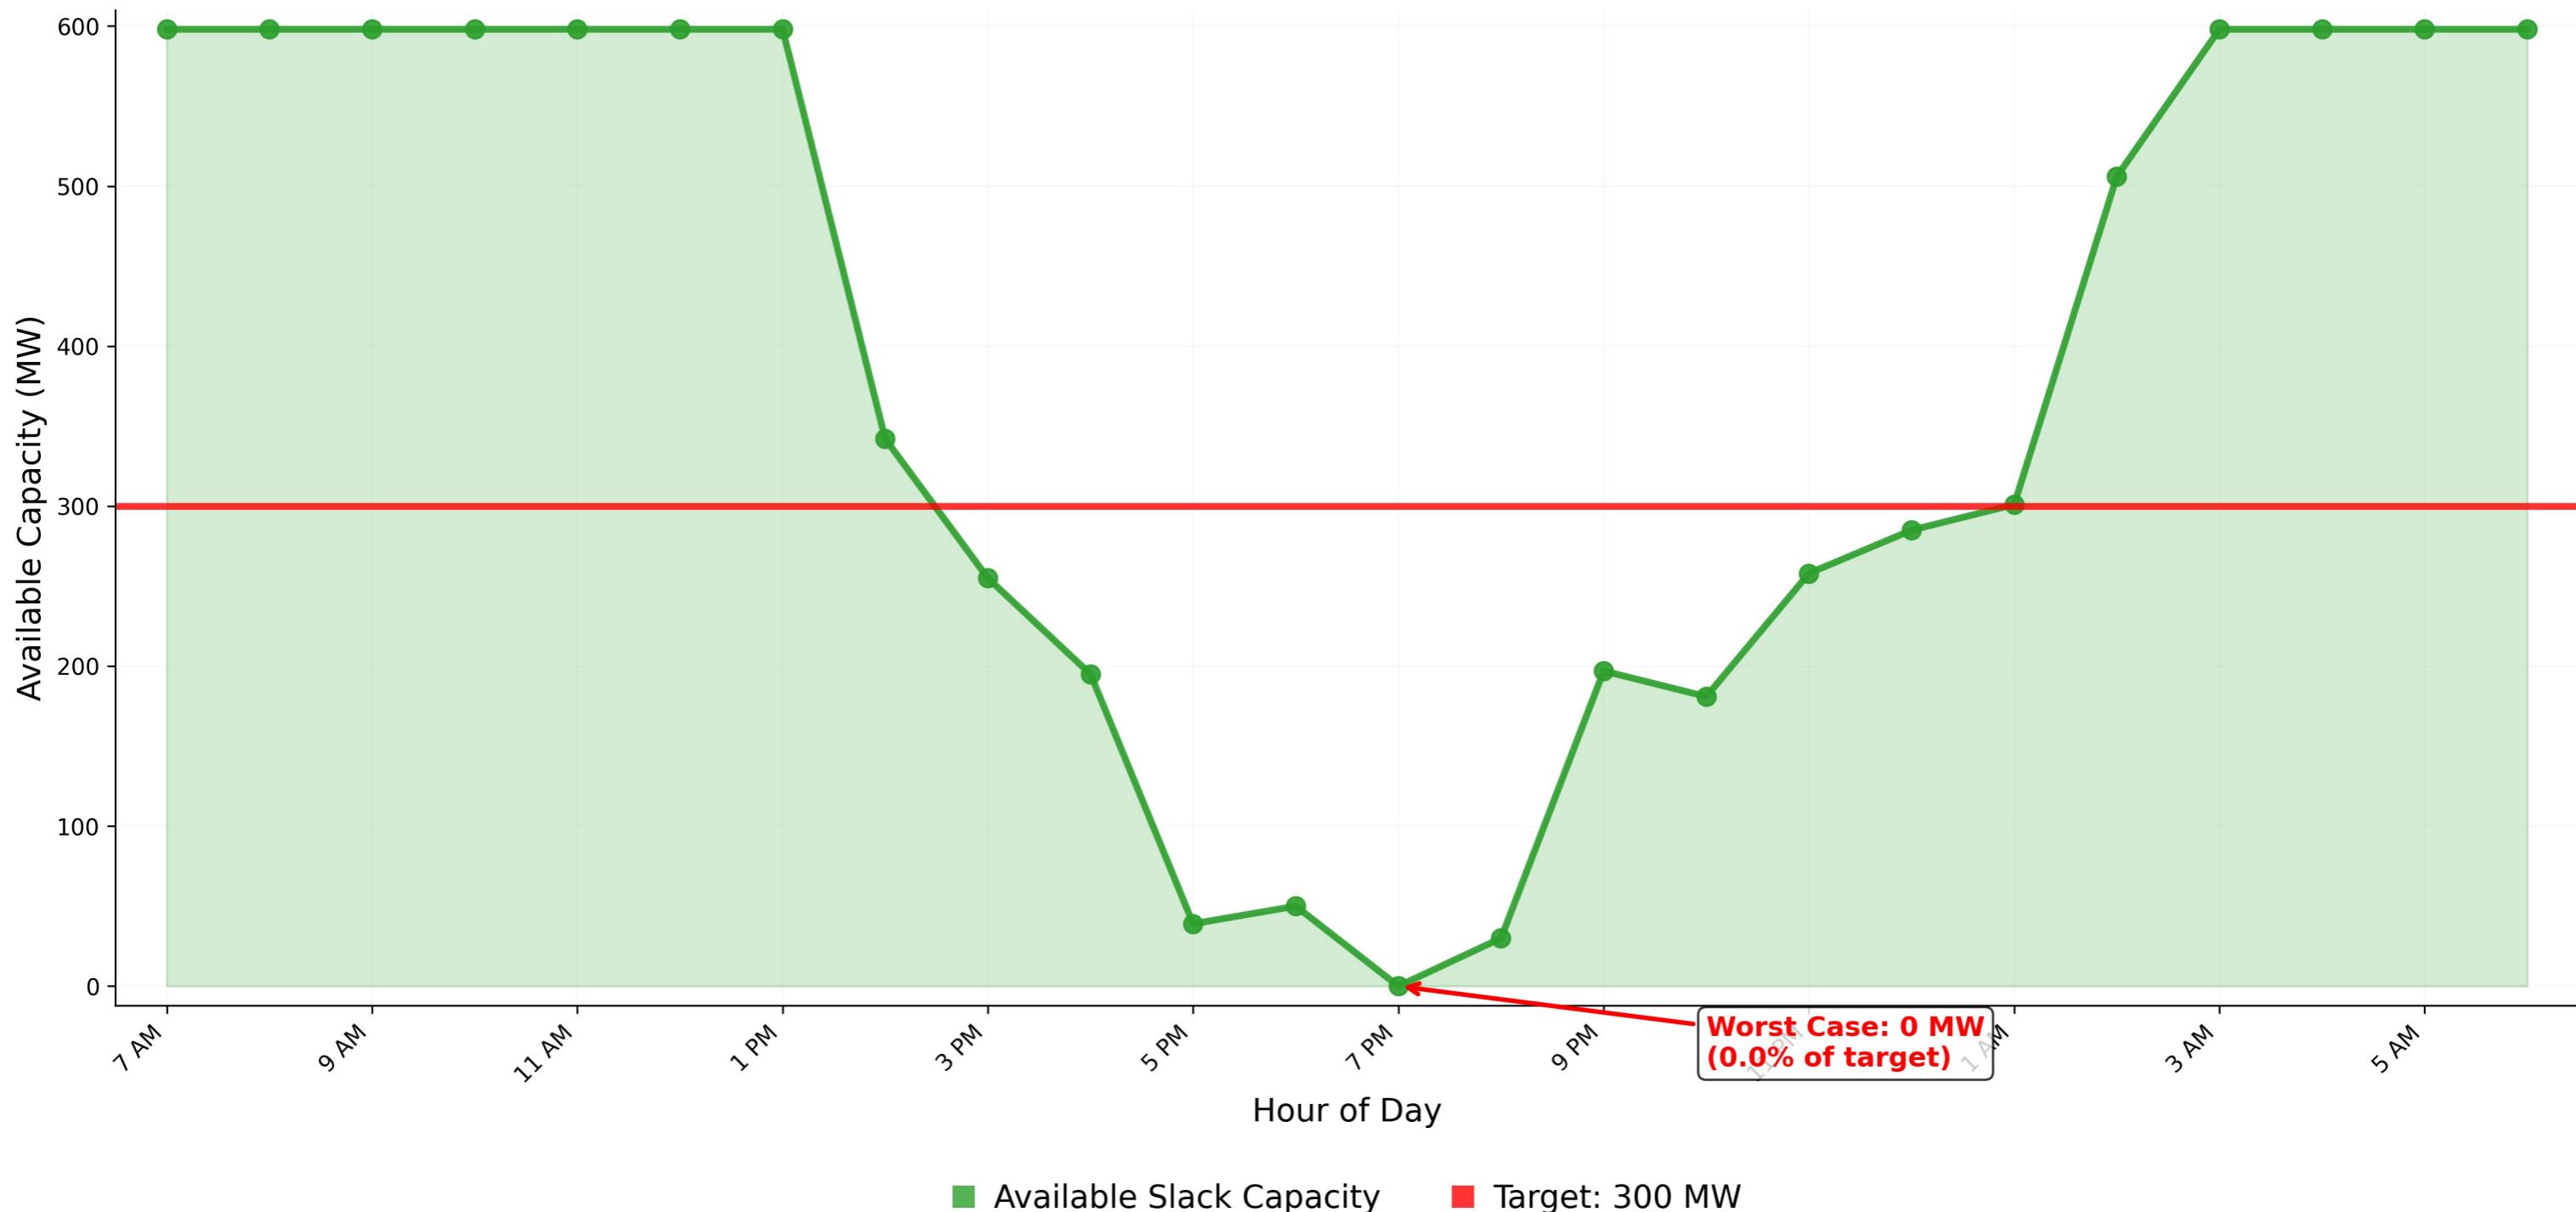

Daily Power Generation Cycle

Oleander Power Project LP - June 10, 2024 7 AM to next day 7 AM

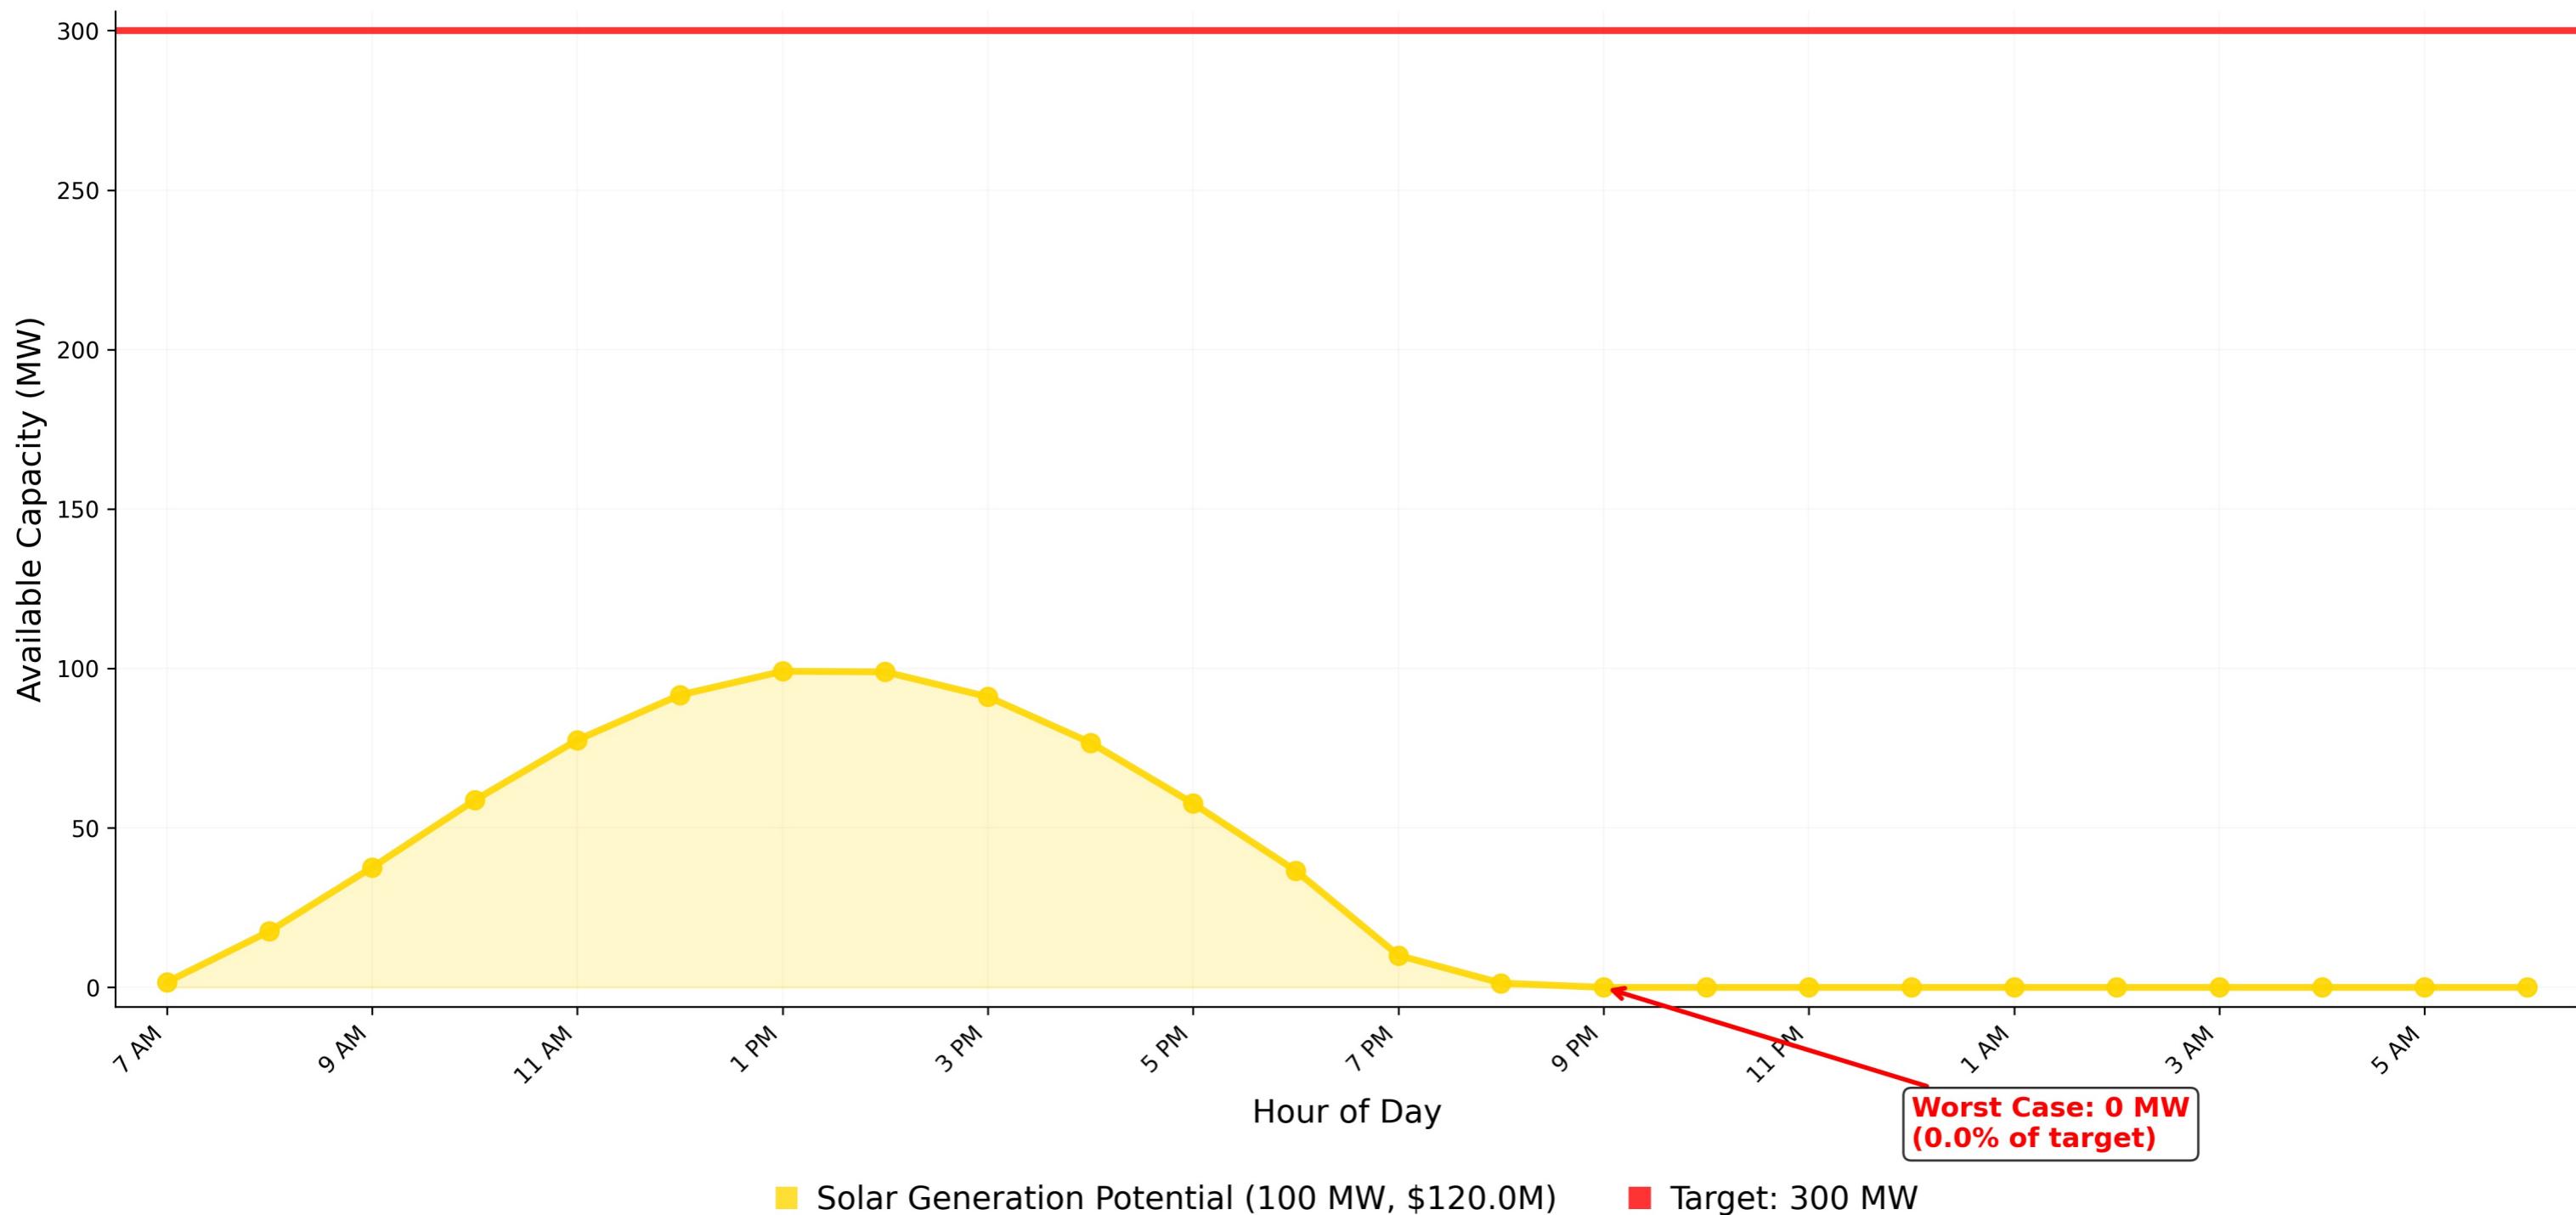

Available Slack Power Generation Capacity

Oleander Power Project LP - June 10, 2024 7 AM to next day 7 AM

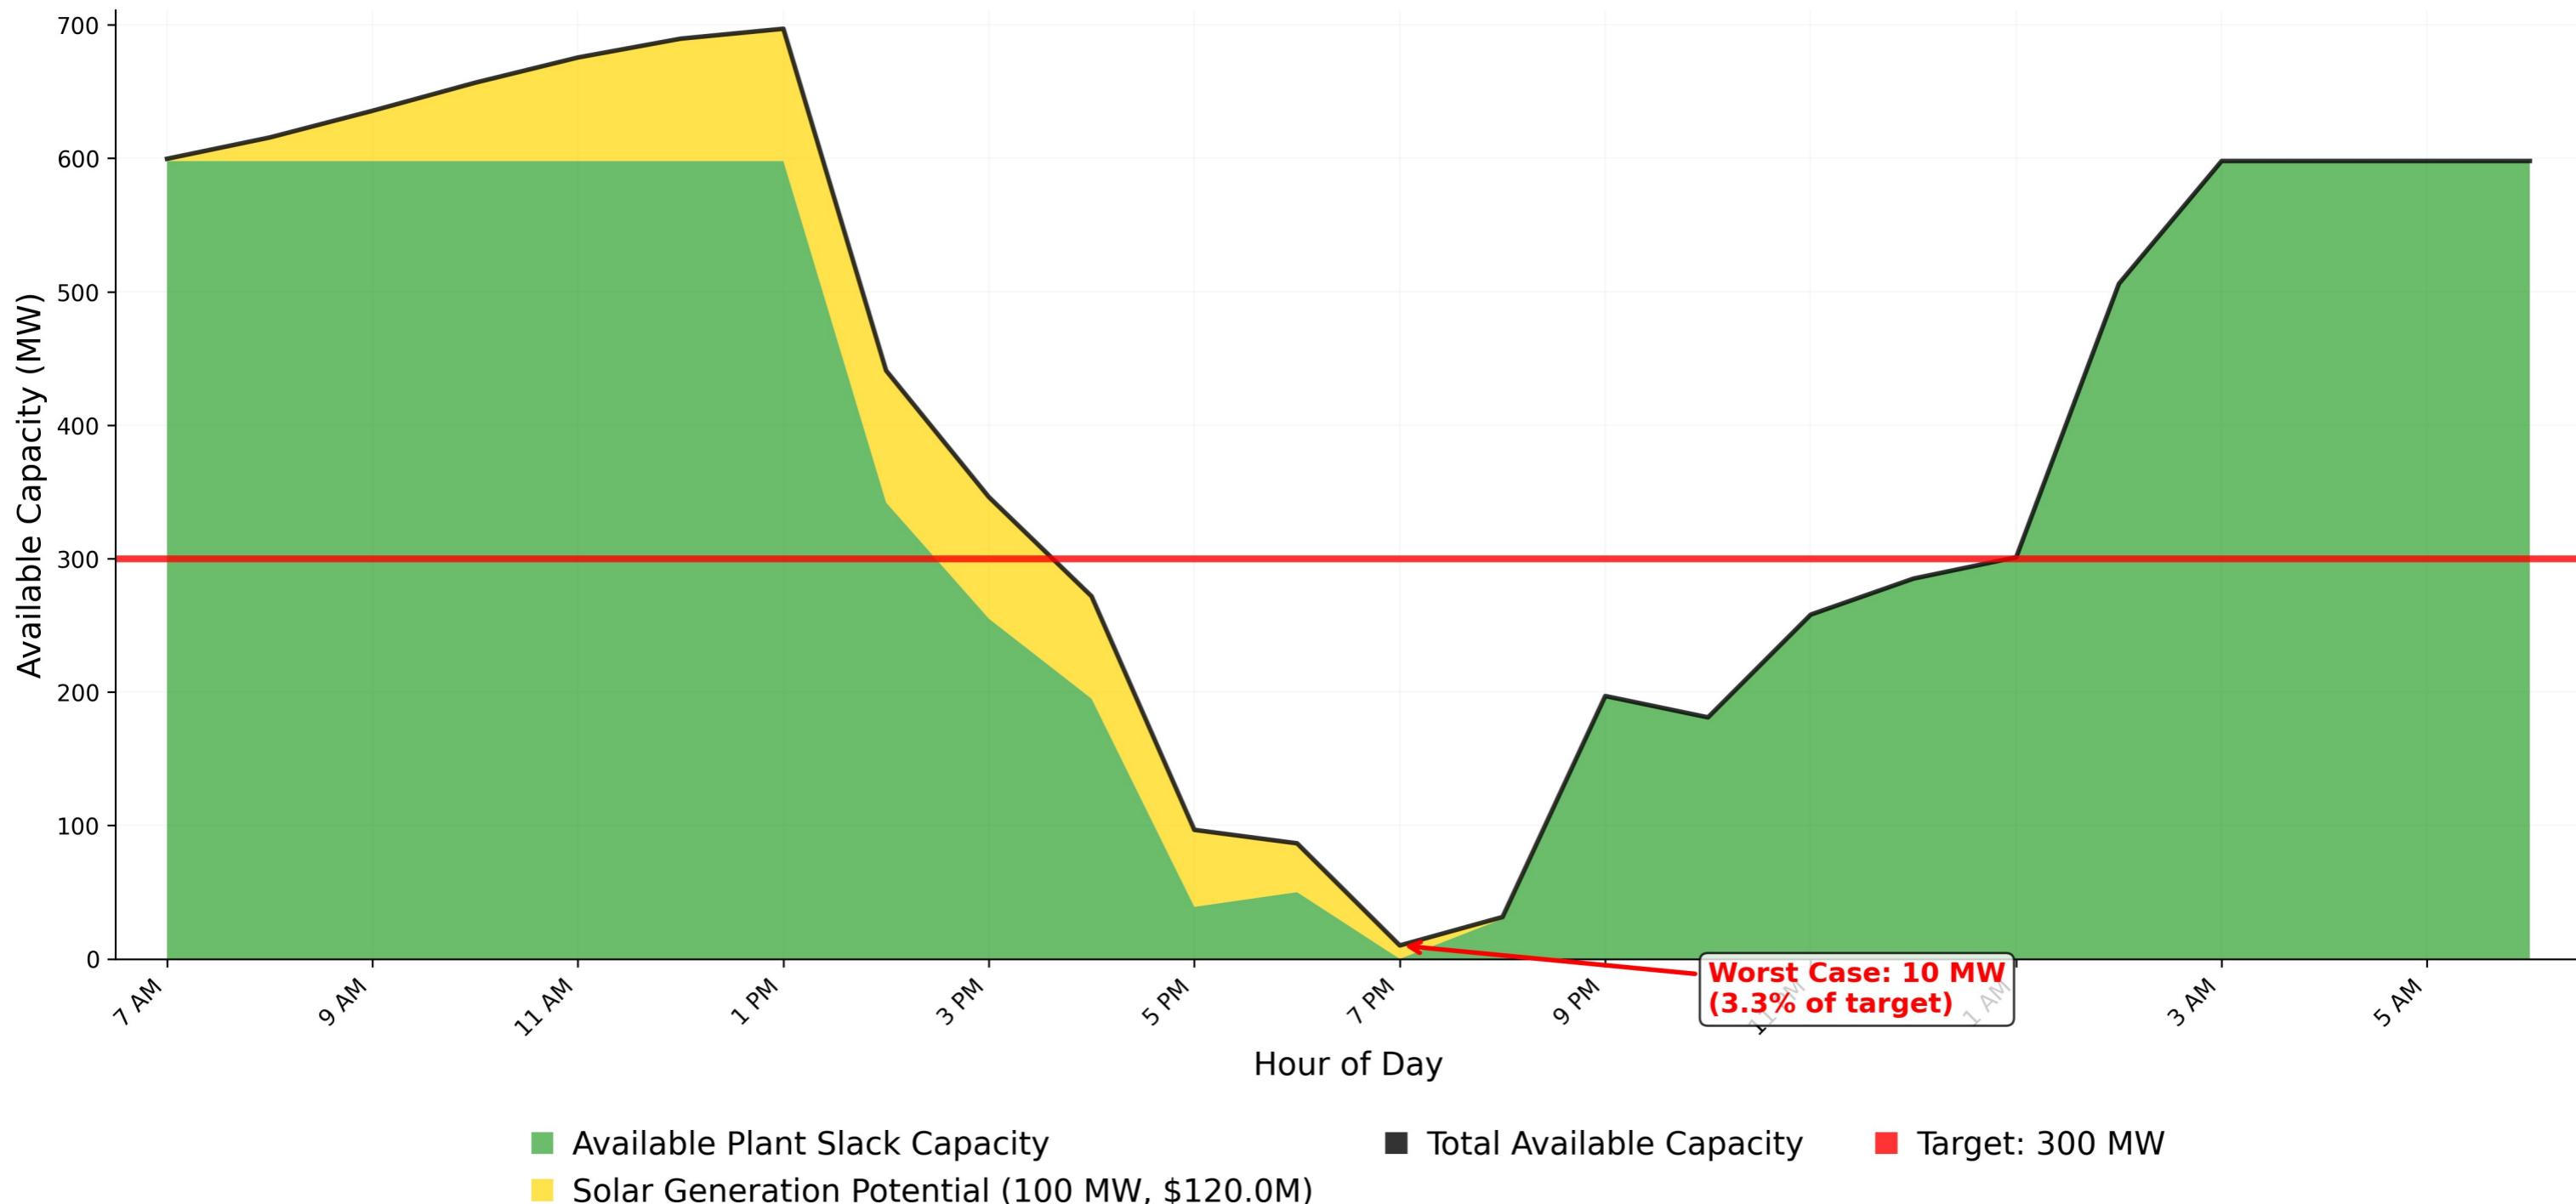

Solar Generation Potential

Oleander Power Project LP - June 10, 2024 7 AM to next day 7 AM (Model Data)

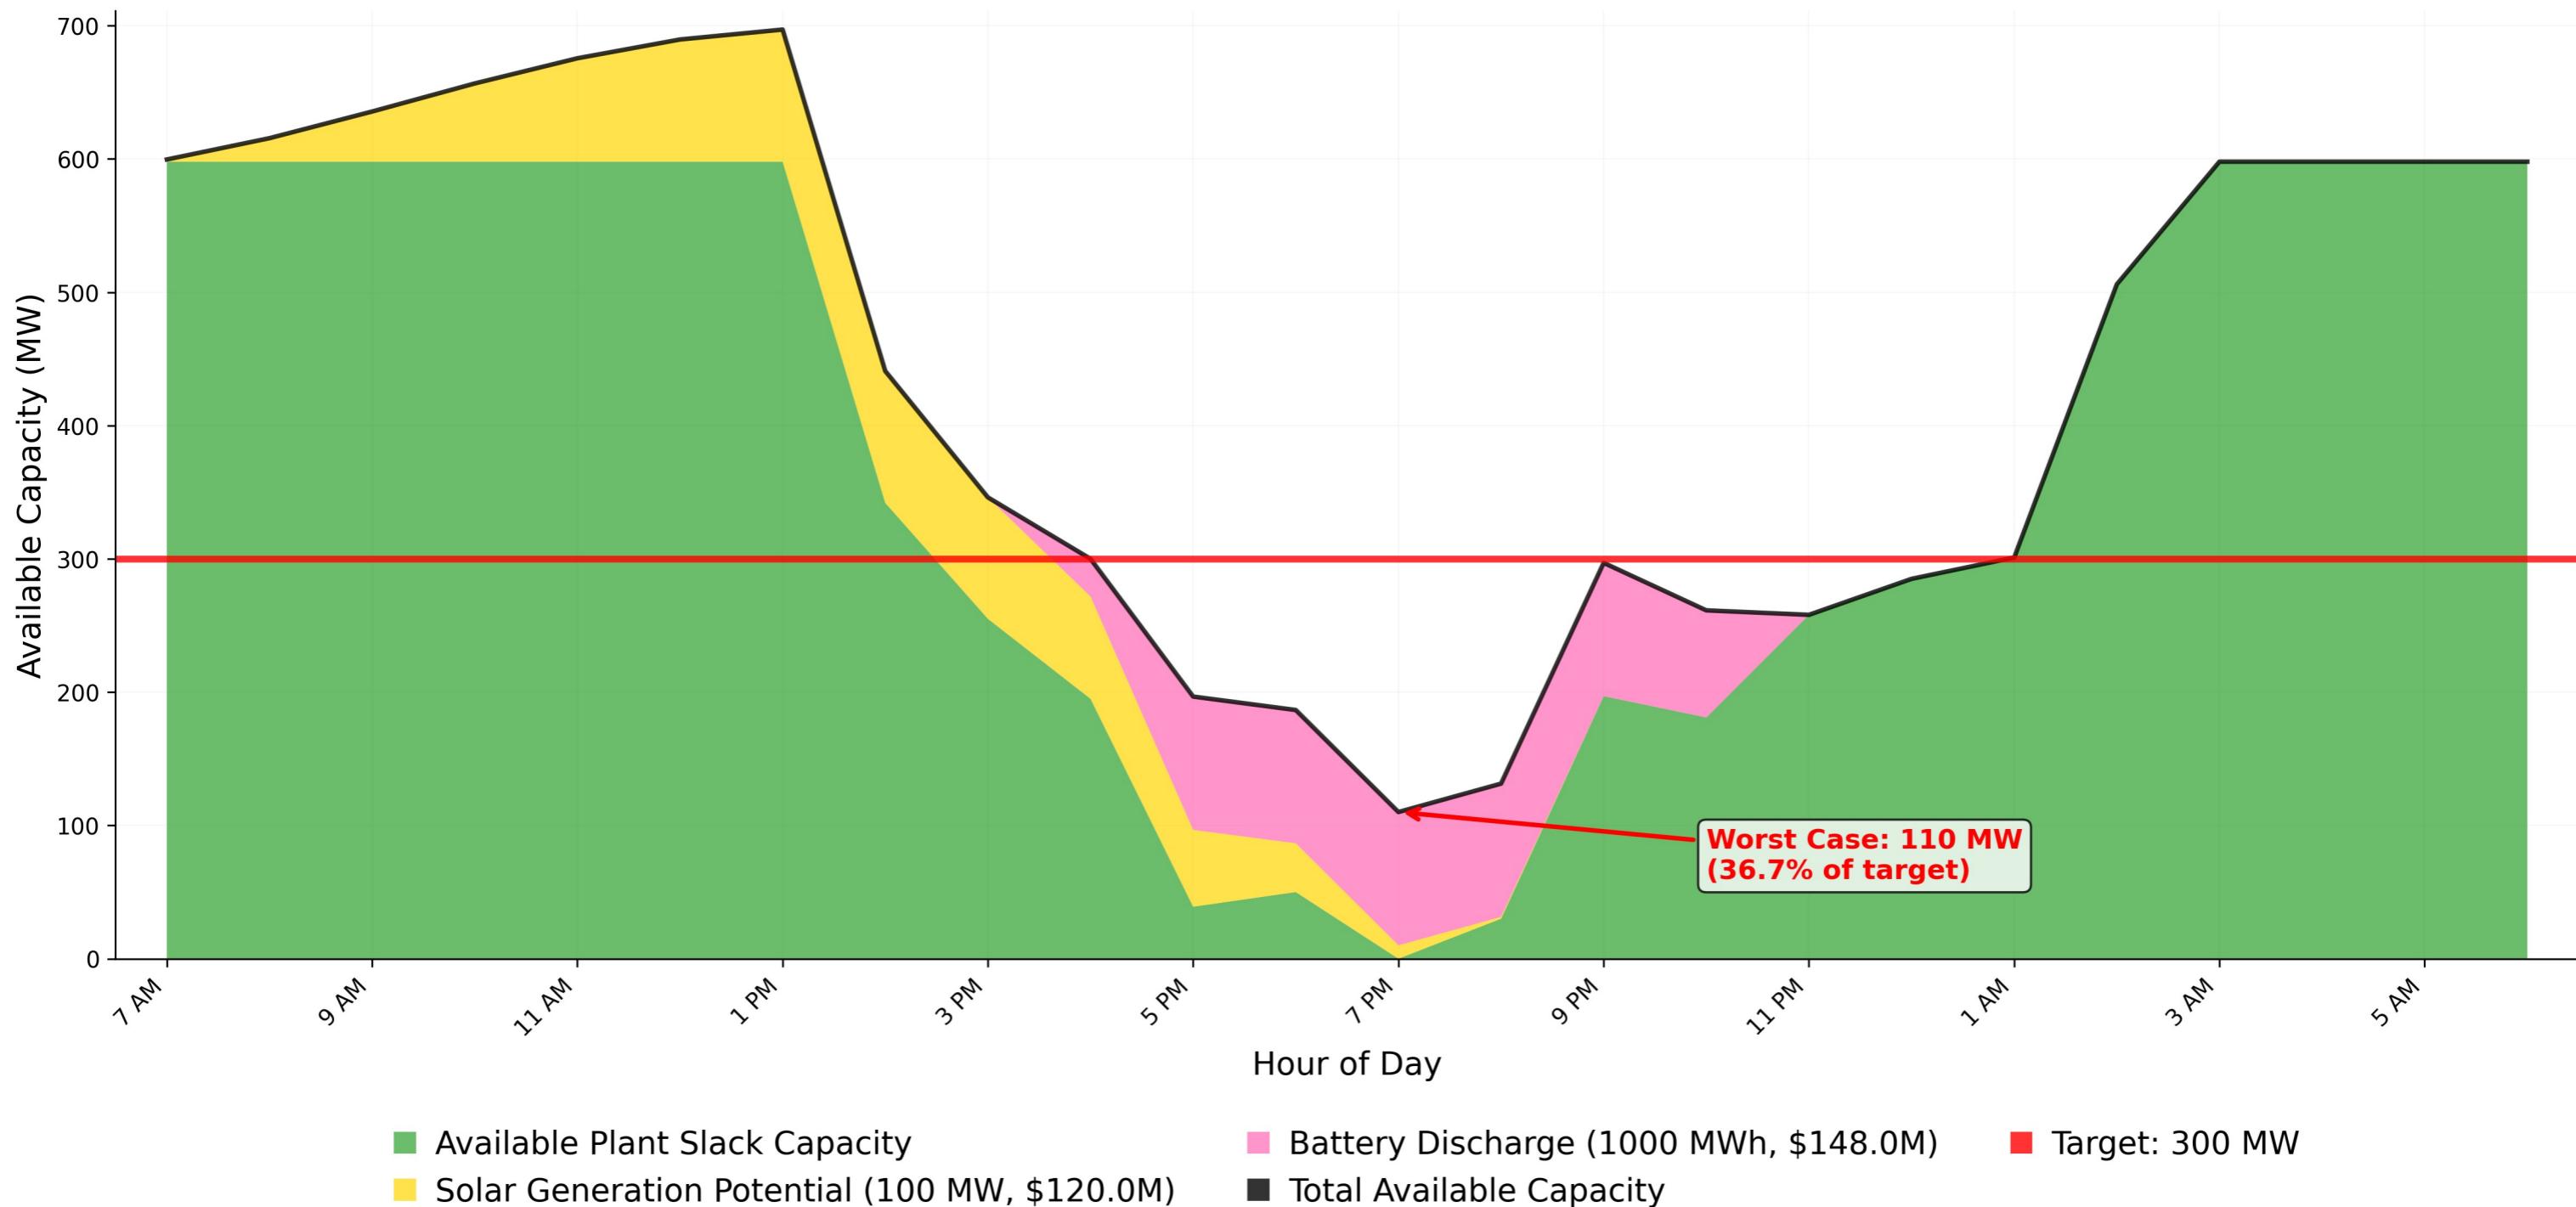

Combined Available Generation Capacity

Oleander Power Project LP - June 10, 2024 7 AM to next day 7 AM

Generation Capacity with Battery Storage - Peak Demand Day

Oleander Power Project LP - June 10, 2024 7 AM to next day 7 AM (Highest demand day)

Complete Backup Generation System - Peak Demand Day

Oleander Power Project LP - June 10, 2024 7 AM to next day 7 AM (Battery + Natural Gas Backup)
